Hi Lorena

It would probably be best if it was early morning or anytime on the weekend, but I'll make it work whatever time works for them - I just want to put out Safety Signage due to the potential Slip N Fall issues that can arise from this type of service .

Thanks

Bob,

I've reached out to the pressure washing company to ask them when they can come out to pressure wash your building from the sidewalks to the entrance doors.

When he gets back to me, is there a preferred time?

Best regards,
